SEEK INFORMATION ON DROWNING REPORT

Mysterious Letter Received Says C. R. Stone Drowned Here

NO CLEW OBTAINED

Says Drowning Occurred June 2, —Stone Was Struck While Rescuing Girl by Being Struck by Spar.

Two residents of Hyattsville, Md., appeared at the station house in this city last night, one of whom said he is the father-in-law of C. R. Stone, who he said is reported to have been drowned in the river off this port last Wednesday afternoon. They presented the following letter:

Petersburg, Va., June 3, 1920.
Mrs. C. R. Stone, Hyattsville, Md.,

Dear Madam—I regret to inform you that C. R. Stone, employed by our agent i nWashington, on June 2d was struck by a falling spar and knocked overboard off Alexandria dock about 3 p. m., while saving a little girl, and all efforts to find his body had failed when I left there at midnight. His h atawsiedepk4yb1fSHRDLSHRLD7 hat was picked up, which I will mail to you under separate cover.

Extending my deepest sympathy. I remain, etc.,

A. and P. Storage and Lightering Co., Alexandria, Va.

The police department of Alexandria had heard nothing of the accident and Chief Goods telephoned to the Washington authorities. They, too, were unaware of the reported drowning.

The two men were told to proceed to Washington and interview Harbor Master Dean, of the District of Columbia.

The affair seems to be clothed in mystery as it is difficult to imagine the accident could have occurred off this city without the knowledge of parties working about the wharves, or the police department to whom all such accidents are generally reported.

Besides there is no explanation of the appearance of a little girl on a lightering barge, or how a spar (not carried by such craft) could have fallen and struck one of the crew. Stone, it was stated, had worked but one day for the company.

HIGH SPOTS IN NEW TRAFFIC LAW POSTED

Salient points of the new traffic regulations have been printed and posted on cardboard in various places throughout the city in order that all motorists may familiarize themselves with these points They read as follows:

Thirty minutes parking limit
Do not leave your engine running.
Do not block a fire plug.
See that your light are lighted after dark.
Speed limit 18 miles an hour.

FLOWER SALE TONIGHT

The committee of ladies conducting the sale of cut flowers and potted plants at 612 King street, next to Woolworth's 5 and 10 cent store, will continue the sale through out the evening.

This sale is for the Alexandria Hospital Ambulance fund and will no doubt be well patronized.

CARD OF THANKS

SUNDAY SCHOOLS ATTENDANCE CONTEST

Campaign During Months of June, July and August

CHANCES OF ALL EQUAL

Starts Tomorrow and to Close Labor Day With An All Day Picnic— Winner to Be Dined by Losing Schools.

The competitive spirit has struck the Alexandria Sunday Schools in a most ambitious fashion. Under the leadership of the Y. M. C. A., the Sunday Schools of the city are starting tomorrow on a 3 months' attendance campaign which is to be a contest culminating in a great picnic Labor day, September 6.

June, July and August are sometimes mentioned as the "dull" months of the year as far as the Sunday Schools are concerned. But the Y. M. C. A., does not believe in "dull" months, and a conference with the Sunday School superintendent of the city revealed the fact that not one of them believed in "dull" months either. So it was a simple task for Secretary Wallace to enlist the schools in the friendly contest, which it is believed will actually increase the attendance for the summer months.

The schools are to average their attendance for the first four months of the year and this average is to constitute the 100 per cent basis upon which their record will be computed for the three summer months. The percentage basis is to be used throughout the campaign and the small school will have the same chance as the largest school in the city.

This friendly rivalry will doubtless keep up a splendid spirit of itself but the contest is to bring a double joy to the winning school as it is to be the guest of all the other schools at the final picnic Labor Day The picnic is to be the biggest and most democratic affair ever held by the churches of the city. It is to be an all day, basket dinner affair.

And the winning school is to bring no dinner but is to be dined by the losers in this novel contest, and any expense of the picnic is to be borne by these same losers—in fact it looks as if it would be a great contest with great possibilities for the small youngsters of the winning school.

News of Potomac

On Thursday evening at 6 o'clock Mr. W. Burkholder Richards of West Braddock and Miss Lucy Maria Crawford of New York City were quietly united in marriage by Father L. F. Kelly of Alexandria after which the bridal party composed of Mr. Aaron Garrett as best man and Miss Theresa Crawford as bridesmaid, repaired to the Washington Hotel where covers had been laid for the "Jolly Quartet."

At 8 o'clock they returned to the home of the grooms parents, Mr. and Mrs. Archie Richards, where they were tendered a most beautiful reception.

The bride wore a pink beaded georgette dress and pink hat and never appeared more charming than on that occasion. The bridesmaid was clothed in a turquoise taffeta dress and pink hat. The home was decorated in a profusion of ferns, honey suckle, roses and mellow lights and with nuptial music echoing thru every chamber it was decidedly a brilliant affair.

Among the out of town guests were Mrs. Kate Chapman of Winchester Va., Mrs. Frances Merkling of Clarendon, Mr. and Mrs. A. Froyd, Mr. and Mrs. F. Hale and Mis Minnie Hale of Barcroft, Mr. and Mrs. C. Davis and Mr. E. W. Arnocast of Washington, and Miss Monica Crawford of New York, another sister of the bride.

Mrs. Herbert Spylman who was taken to Kelleys hospital in Baltimore, was successfully operated on, and is improving.

Mrs. William H. Wood and daughter Phillis, formally of this city, now residing in Ashland are visiting friends and relatives here.

Mrs. Donnely of St. Ehno is spending the week end with relatives in Pittsburgh, Pa.

A play in two acts entitled Jack and his Baked Bean Stalk was given by the children of the Mt. Vernon School last night. Not withstanding the pouring rain the house was crowded. The play reflected credit upon the teachers, who trained the children, Miss Helen Arthur recited between acts which was very much enjoyed by the whole audience.

Before her first recitation which was in dialogue supposed to be Mammy Dinah talking to Miss Sally about her Mary Jane returning from a high class school, she asked her audience to imagine she was real fat, and real black. As an encore the recitation concerned "Woman and the vote," which was highly appreciated by the women.

Mr. William Grover has been confined to his bed for the past few days suffering from rheumatism.

CRYING NEED FOR LABOR

In the midst of the political turmoil which is inevitable in a Presidential year it is to be hoped that the crying need of labor on the farms will not be overlooked. With Congress adjourned and most of the State legislature out of commission it would seem that this important problem has not been given the attention it deserves. But it is quite possible that the machinery of government may yet be utilized to assist in rousing public interest and in aiding agriculturists. One such move has been made by Governor Smith of New York, who has called a conference in that State for the purpose of devising ways and means of meeting the shortage of labor on the farms.

He has invited to this meeting presidents of Chambers of Commerce, heads of Educational Labor, Agricultural, Highway, Transportation and Farm bureaus, and he hopes thereby to evolve some programme that will give the much-needed relief. The Governor foresees the danger of a shortage in food, and, while he admits the numerous handicaps over which there can be no control, he does feel that the question of the lack of farm help may be dealt with with some degree of success.

As a contemporary says, "this is much better than sitting idly by and waiting for events to take their course."

Many of us will attend the various churches tomorrow, where we will, in a conventional manner, listen to the chant of Psalms, which so many fail to realize in their spirituality. We are most intensely interested in the increase of farm production, but are all doing their part to bring about this great desideratum? We would suggest the following as the base of our pleas tomorrow:

"God be merciful unto us, and cause his face to shine upon us, Selah.

"That thy way may be known upon the earth, thy saving health among all nations.

"Let the people praise thee, O God; let all the people praise thee.

"O let the nations be glad and sing for joy: for thou shalt judge the people righteously, and govern the nations upon the earth. Selah.

"Let the people praise thee, O God; let all the people praise thee.

"THEN SHALL THE EARTH YIELD HER INCREASE; and God, even our God shall bless us.

"God shall bless us, and all the ends of the earth shall fear him."

WHITHER ARE WE DRIFTING?

A labor platform was favored by the church and community convention of the commission on federations of the Federal Council of Churches of Christ in America, which closed in Cleveland, Ohio, this week. The platform was included in the social service report, and calls for recognition by the union of churches of;

Fraternal conferences of labor leaders and employers under Christian auspices.

Community free speech forums.

The co-operative movement of industry as a preparation for industrial democracy.

The labor clauses turned the meeting meeting into a general discussion of socialism and radical issues. While culminating in no action, because the convention had no legislative power, the discussion revealed a remarkable unanimity of opinion that the churches recognize the fact that labor is demanding a life worthy of a new station in civilization.

A HARD ROAD TO TRAVEL

What shall we do with our juries? They have often surprised use, giving rise to criticism of the jury system, integral part of English common law though it be. But at present they are behaving in a particularly malign fashion. They simply will not convict offenders against the Volstead law if there is any possible loophole of defense. Such is the complaint of officials charged with the enforcement of the law. It must make their work very discouraging.

In three quarters of the cases where the evidence was absolutely conclusive, we are told, a verdict of not guilty was given. How is a prosecuting officer to overcome such an obstacle as a state of mind close to to argument? The Federal authorities regard it as "significant" that of 1523 cases of violations found in the New York district only 25 have been brought to trial, with a total record of six convictions. Is not this putting a premium on crime?

The trouble seems to be in this case that the moral sense has failed to function. These recalcitrant juries refuse to accept the law and the gospel of which Mr. Bryan is one of the most mellifluous apostles. To them not even the mighty majesty of a constitutional amendment can justify the idea of sending men to jail for clinging to habits never before pronounced criminal. It is plain the prohibitionist campaign of education has still a hard a road to travel as the famous one to Jordan.—(Philadelphia Inquirer.

DANGERS OF A COLD

Alexandria People Will Do Well to Heed Them

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Alexandria resident's example:

C. E. Davis, fireman, truck and engine company No. 1, says: "I have used Doan's Kidney Pills off and on for a good many years and they have always given me wonderful relief. My trouble has been brought on by being out in all kinds of weather and catching colds which settle in my kidneys. Then my back gets sore and weak and I can hardly get around. The kidney secretions will pass irregularly and make me get up often at night. However I find I can rely on Doan's Kidney Pills to give me the desired relief. My kidneys have never been in bad condition since I started using Doan's Kidney Pills for those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

TO OUR COAL TRADE

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

This also applies to any orders we already have from our trade.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. They be take gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

Driver of Auto Is Held on Technical Charge of Manslaughter

Richmond, June 5.—W. B. Graves, who was driver of the car which turned turtle on the Westham road near Bon Air yesterday morning about 2 o'clock, resulting in the killing of John Landers, was placed under arrest at police headquarters by Chesterfield County Policeman Flynn on a technical charge of manslaughter. The other occupants of the car who were at headquarters yesterday were held as witnesses pending a complete investigation by the Chesterfield authorities. According to revised reports, the automobile drove thirty feet to an embankment and then plunged over. It was to be seen, according to several who visited the scene, with wheels reared aloft lying flat on its top. The body of Landers is said to contain a bruise on the front of the head and one on the back. His body is not mangled and there are no other evidences of injury about it, it is said.

Scranton, Pa., June 5.—Frantic with grief at the sight of her soulmate lying dead with a bullet wound in his head, Mrs. Joseph Nemec, 38, accused her husband of the murder and brought about his arrest by the county authorities. Nemec is held on a charge of slaying Alexander Miskell, 25, star boarder in the Nemec home at Simpson. The prisoner denies his guilt.

When the body of Miskell was found in a bed in the Nemec home Mrs. Nemec hugged and caressed his body and became hysterical.

"You killed my lover," she screamed at the top of her voice, as she pointed to her husband.

When the police and an undertaker arrived and prepared to remove the body of Miskell to a morgue Mrs. Nemec became hysterical.

The death of Miskell and the arrest of Nemec records another chapter of a sordid love triangle. A year ago Miskell, a miner, came to board at the Nemec home. He and Nemec's wife became very friendly and last April they eloped to a city in Connecticut. Mrs. Nemec refused to return to her home unless Nemec permitted Miskell to return and live with the Nemec family. The husband consented and the trio returned to Simpson.

Nemec has been brought to the county jail in this city. He is 40 years old. The Nemec family came from Russia and Miskell was also a Russian.

Chicago, June 5.—E. H. Fitzgerald president of the Brotherhood of Railway Clerks, left Chicago yesterday for Atlanta, Ga., to attempt to quell the strike involving 200 to 300 clerks on southern roads. Fitzgerald said he feared the strike might spread and for that reason called a meeting of ten brotherhood officials in Atlanta Monday. Meantime, J. C. Cox, Richmond, Va., was ordered to supercede Vice-President Nelson in charge of the southern district.

"Clerks must live up to their contracts," Fitzgerald said today. "But the management must observe their contracts also. The cause of the difficulty in Atlanta was that managers have raised wages for certain clerks and ignored others." Fitzgerald, who says his organization comprises 500,000 workers, argued its claims before the railroad board here last week.

N. and W. Flyer Leaves Rails Near Antietam Station.

Hagerstown, Md., June 4.—Engineman Daniel A. Wallace, 48 Hagerstown, was injured, perhaps fatally, and Railway Postal Clerk H. A. Cost and Express Messenger James W. Long, both of Hagerstown, and A. A. Bricker, of Staunton, Va., were cut and bruised when a fast Norfolk and Western passenger train ran into a horse caught in a trestle near Antietam Station early yesterday morning.

Fireman Jacob F. Hammack jumped from the locomotive, which left the track, along with the baggage and express car, two day coaches and two Pullmans, and was thrown against a fence, where he was buried under a coal pile. He escaped serious injury.

Engineman Wallace, badly burned, was found unconscious beside the track. He was brought to the Washington County Hospital here and is in a critical condition.

The locomotive rolled over twice and landed in a field. The baggage car also turned over.

The horse was crushed. Poles carrying telegraph and telephone wires were pulled down, cutting off communication.

While a relief train, carrying 3 physicians from Hagerstown, was going to the wreck physicians from Sharpsburg and Shepherdstown attended the injured.

When the cars left the rails passengers were thrown from berths and seats, but none were injured. A The wreckage was cleared away and the tracks repaired yesterday evening, permitting resumption of traffic.

ESSEX MOTOR CARS

Do You Know the Secret of Essex Leadership?

It is the New Light Type With Big Car Ability. Can Any Light Car Rival Its Speed, Power or Endurance?

Lightness today is an overwhelming advantage in a motor car, provided it means no forfeit of fine performance, endurance or distinctive appearance.

Yet, prior to the Essex, what car combined all these qualities? There were light cars to be sure. But none to meet the requirements of those who exact the highest standards of ability, comfort and good looks.

Had such a type existed, Essex could not have won such swift dominance. It could have set no world's selling record as it did, with a greater total paid for Essex than for any car ever brought out in its first year.

The very suddenness of its success shows how its qualities commanded attention. For men are not quick to buy a car that time has not proved.

And the Essex came unknown. Merit was its only advocate for recognition. Its quality was instantly obvious. In looks, in action its appeal was dynamic. And it drew immediate response from all classes of motor users.

Almost Doubles Light Car Endurance

They found ability, speed and power before believed impossible in a light car.

Now see how Essex has justified all the fine things that have been said in its praise. An Essex stock chassis set the official world's 50-hour endurance record of 3,037 miles. In three tests it travelled 5,870 miles averaging above a mile a minute. An Essex stock touring car also holds the world's 24-hour road record of 1,061 miles.

To those who had owned light cars, the Essex was a revelation. It gave them a new sensation of stability and power. They found charm of appearance, riding ease, and pride of ownership that comes from possession of a car they know none can surpass in performance.

The Dominant Light Car By Official Proof

People accustomed to fine car qualities recognize in the light Essex, all the performance, comfort and good looks that formerly were regarded exclusive to large, costly cars.

And with it Essex brings every advantage of the light type. These compel consideration. They consist not only of important economies, but of greater handling ease, safety and convenience. Parking for large cars is becoming an increasingly difficult problem. So, too, is their manipulation in heavy traffic. The light car clearly shows its value in greater nimbleness. The common sense facts prove it from every angle, the type for all-round usefulness.

When you know the appeal of the Essex you will scarcely be content to drive another car.
